19 November 2018

Dear Parent(s)/Carer(s)

As you may be aware following our earlier text message today, we have been experiencing difficulties with our heating system across the Academy. Engineers have been working hard and managed to restore some heat to the main building. However, I now have been informed that in order to make the necessary repairs, the heating system will need to be turned off from 3.00pm today (19.11.18) until at least 12 noon tomorrow. This will mean the Academy will not be heated sufficiently for students and staff to work in a reasonable temperature. The forecast for tomorrow is as low as 5 degrees and although we have done our best today by purchasing additional heaters, these will not be sufficient to heat the Academy.

**The Academy will therefore be closed to students and staff on Tuesday 20<sup>th</sup> November 2018.**

Thank you for your understanding. We never make these decisions lightly and fully recognise the complications of childcare that occur when the Academy is unavoidably closed.

Please assume the Academy will be open as normal on Wednesday 21<sup>st</sup> November 2018– we will post updates via text and our social media accounts if this is not the case.

Yours faithfully

J Kingswood  
Principal
